

COMPETITORS ARE ALREADY FRUSTRATED BY YOUR VISION. INFURIATE THEM.

Make no mistake, in these economic times, there will be winners and there will be losers. And in the zero-sum game of corporate survival, it goes without saying cavalier excess will no longer be tolerated. But neither will conventional thinking. The victors in this economy will be the ones who can keep a clear head and develop a plan to stare down the beast. To that end, we will be here with a full range of aircraft to maximize efficiency and increase productivity. So keep flying in this storm. Eventually, the weak will wither. And the bold will emerge stronger. Your primary mission is to ensure that you are among the latter.
