

These timeframes are for standard closings. There are many factors that can cause delays which would extend the timeframe such as title issues, obtaining all of the necessary loan documents and supporting documentation, insurance delays, etc.

Entire process

5–7 business days

Application

1–3 business days

Approval to contracts

This can be same day depending on the timing of the approval and if you have already found your airplane.

Contract process

We send you a link to your contracts and you print them out, ink sign them and send them back to our office. Generally this takes most clients 2–3 days.

Additional document retrieval

Usually 2–3 days (can happen simultaneously with sending the ink signed contracts back)

Title work

1–2 business days, additional days if there are liens or clouds on the title

Closing

Upon receipt of all of the necessary closing documents and a clear title, we can perfect a closing in 1 day. Our lenders have a wire cut off time of 2:00 EST. The FAA has a closing cut off time of 4:15 EST.
